

InteliJet TS uno+

NEW All-In-One, 4 Head, Print Solution

High Resolution Printing

Proven And Dependable Performance

The InteliJet TS uno+ all-in-one print head and screen give you a simple, yet incredibly powerful way to print using up to 4, 1/2" printheads with the minimum of effort. The system allows you to be up and running within minutes.

Using BELL-MARK's proven and highly reliable print solutions based on HP technology, the InteliJet TS uno+ is the ideal product for serialization, barcodes and human readable printing.

- No mess, no maintenance HP and Bell-Mark technology
- Rugged industrial design for the most demanding installations
- Variable and fixed data capability
- SQL Database connectivity
- Simple ASCII interface to supply dynamic data from scanners and PLC's
- Offline job creation

Inks

Options To Suit Every Need

Whether printing on matte stocks or glossy finishes, Bell-Mark provides inks that dry quickly, are water resistant, and adhere to the most difficult substances. From papers to plastics, BELL-MARK has the ink solution for you.

BELL-MARK

All Inclusive Solutions

For Your Peace Of Mind

The IntelliJet TS uno+ heads are manufactured from an aluminum casing with an all metal design for maximum durability. With an industrial touch screen for its User Interface, it will stand up well in any environment.

The TS uno+ has connections for encoders and sensor as well as an Ethernet port for connecting to external data sources and networks. It comes complete with:

- Up to 4, 1/2" Print heads
- 7" Touch Screen (with Design & Management software)
- Power supply
- Connection cables
- VESA pivot mount

Additional equipment that connects directly to the TS uno+ systems includes:

- Sensor
- Encoder
- Fixed pen mounting Kit
- Hand Held Barcode Scanner for message selection
- Bulk Ink Regulator and Ink Holder with Empty Detect

External Connectivity includes:

- External I/O
- Serial Port (RS 232)
- USB
- Ethernet
- Signal Light Output

	Dynamic	9 Types
Other Printable Items		Lot Codes
		Date/Expiry Date
		Shift Codes
		Foreign Languages
		Bitmaps/Logos
		Fixed Text
		User Inserts
		Counters and Batch Numbers

Sophisticated Control

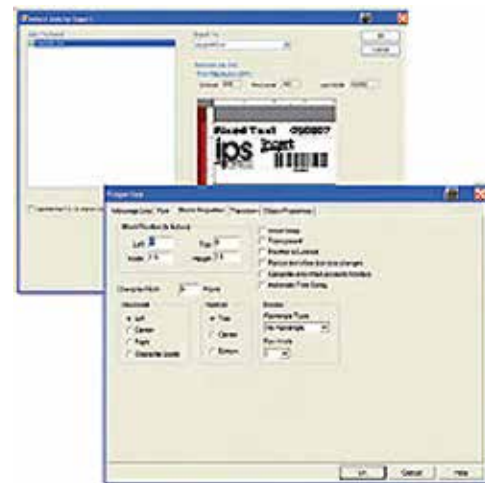

Advanced Design And Management Software

Director software runs on the User Interface and provides printer configuration, control and monitoring. The interface allows the user to monitor a wide variety of operating conditions, including job types and counts and even ink usage, all in real-time.

IPS Director—Manage and Load Jobs

Producer separates template creation and control from day to day printing processes. Operating on any computer running Windows, it permits the creation of print templates that can be exported into the User Interface via an Ethernet connection or by using a USB thumb drive.

IPS Producer—Design Print Templates
